

## MILITARY SPOUSE ECONOMIC EMPOWERMENT ZONES

# #DiscoverTheTalent

#DiscoverTheTalent is an initiative to further build business relationships in the communities we serve to advocate, train, and hire military spouses.

Hiring our Heroes has launched an exciting initiative, #DiscoverTheTalent, which engages employer partners to increase economic opportunity for the military spouse community. The initiative encourages businesses to support this demographic by aligning their business as a military spouse-friendly employer and later sharing their success.

Employers around the world can join this initiative. Employers who register for #DiscoverTheTalent will have the opportunity to learn more about Hiring Our Heroes Programs, like our Military Spouse Economic Empowerment Zones (MSEEZ) and Military Spouse Professional Networks (MSPN). Employers will also learn how to connect with military spouses, and how to position their company/organization as a military spouse-friendly employer in order to discover the talent in communities everywhere!

Register for #DiscoverTheTalent [Here](#)

1. **REGISTER:** Register to participate in #DiscoverTheTalent
2. **LEARN:** Complete a training course on how to become a military spouse friendly hiring employer through our curated content from Psych Armor
